

FKA twigs, honda (feat. pa salieu)

So, that one morning
I dunno, Monday or somethin', Monday or somethin'
Summertime, you know, all tired and shit
Sleep under my eyes, lookin' at myself in the mirror
Who's that? Who's that? Ayo, listen
Anyways, I'm one of a kind, what, people like me, one of a kind
When life gives us lemons, we just take in the essence
Baby, don't look back, don't look back
Keep drivin', know what I'm sayin'?
Leave the sourness behind (Keep drivin')
Leave it to the streets, that's it
O-T-S-S, only the strongest survive, Honda, baby

Baby, we can roll it on the M way
Smokin', Honda, roll it
Baby, we can (We can), smoke it (Ooh)
On the (On the), M way (Yeah)
Honda (Honda), a Rizla, baby

One of a, one of a, one of a kind
From sunlight to moonshine, you'll always be mine
They don't understand like we do

Look, conquer, you never have to worry 'cause they under you
I wonder why you said Alicia
Baby, you can roll his, a Rizla
Honda smoke but we glide on the M way
Feel it when you move your body, control your body
Go back to back, baby got an eye for money
Baby love a girl who proolly, who move her back to back

Supply to me baby, Louis V matchin'
Hold it down, baby, we could travel 'round the globe
Come and fly with me
Let me jig a kid, I said, "We could get it jiggy"
The ain't no one like you, the ain't no one like me
Would you still be a freak even when we tun fifty?
Still run my zoots even when I turn sixty
We could hold it down if the judge gave me twenty
Slapped me twenty

One of a, one of a, one of a kind (True say, I'm one of a kind, baby)
From sunlight to moonshine, you'll always be mine
They don't understand like we do

Wonder boy, wonder boy
Interplay in my vicinity, we are the synergy (Yeah)
I-I see the way that you walk in the center, the center
The strings that'll make him work (Ah)
Eyes in the back, never be slapped
Energy sweet, feelin' me
Way-way you movin', it amaze me
Darlin', you the baddest, how can I deny it?

(Yeah) Baby, baby (Yeah, yeah), we can roll it (Ooh)
On the (On the), M way (Yeah)
Smokin', Honda (Honda), roll it
Baby (Baby, baby), we can (We can), smoke it (Ooh)
On the (On the), M way (Yeah)
Honda (Honda), a Rizla (Ooh), baby
Baby (Yeah, yeah), we can (Yeah, yeah, yeah)
Roll it, on the, M way
Smokin' (Yeah), Honda, roll it
Baby (Baby, baby), we can (We can), smoke it (Ooh)

On the (On the), M way (Yeah)
Honda (Honda), a Rizla (Ooh), baby
Baby, we can smoke it on the M way
Honda, a Rizla, baby
Baby (Baby, baby), we can (We can), smoke it (Ooh)
On the (On the), M way (Yeah)
Honda, a Rizla, baby (Honda)
