

FKA twigs, tears in the club (feat. the weeknd)

Tears in the club
'Cause your love's got me fucked up
Tears in the club (Tears in the club)

I wanna get you out of
My hips, my thighs, my hair, my eyes, my late-night cries
I wanna take my clothes off, wanna touch
My hips, my thighs, my hair, not yours, all mine, yeah
Wanna dance you out of my, gotta dance you out of
My hips, my thighs, my wrongs, my rights, yeah
Listen to the rhythm and make no compromise
'Cause you hurt me

I don't wanna believe that I belong to you
I move myself in ways that you could never do
I want you more, I want you more, I, I

Tears in the club (Tears in the club)
'Cause your love's got me fucked up
Tears in the club (Tears in the club)
I'ma drown in the beat now
Tears in the club (Tears in the club)
'Cause your love's got me fucked up
Tears in the club (Tears in the club)
I'ma drown in the beat now

(Tears in the, tears in the club)
Ayy, I love and want your body
I'll never leave you now
(Tears in the, tears in the club)
Ayy-ayy, I love and want your body
I'll never leave you now (I might die on the beat, love)

When my song come on
Give you chills, get you cryin' in the club, babe
So many tears 'cause you try to fight the love, babe
You move your body to the synths and the drums, babe
You move your body 'til the rise of the sun
Just go with the motions, baby
Girl, you should go with the motions
Oh, unload your emotions, baby
You've been suppressin' emotions
Oh, there's no, no escapin' me, yeah
Let it out like therapy
There's no, no escapin' me
With your girls at the club, on the road, on the radio

Tears in the club (Tears in the club)
'Cause your love's got me fucked up
Tears in the club (Tears in the club)
I'ma drown in the beat now (Oh)
Tears in the club (Tears in the club)
'Cause your love's got me fucked up (Hey)
Tears in the club, I, I (Tears in the club)

(Tears in the, tears in the club)
Ayy, I love and want your body
I'll never leave you now (I'll never let you down)
I can never leave you now, baby
(Tears in the, tears in the club)
Ayy-ayy, I love and want your body
I'll never leave you now (I'll never let you down)
But I couldn't let you go

I wanna get you out of
My hips, my thighs, my hair, my eyes, tonight's the night
I told the universe I'm gonna fuck your lies then cut all ties
And you're high as a satellite (Higher)
I want you more, I want you more
I think about us together (Yeah)

Tears in the club
'Cause your love's got me fucked up (Oh)
Tears in the club, yeah
I'ma drown in the beat now
Tears in the, tears in the club (Tears in the club)
Tear-tears in the club
'Cause your love's got me fucked up
Tears in the club (Tears in the club)
