

FKA twigs, track girl interlude

It's so nice with a pedal
What's the melody you're doing?
Are we recording? 'Cause this is good

Road, like thug mentality, was my type
A sense of protection, that's what it gives me
That's what I connected it with
But I have to be sexually attracted to you though
That's a massive deal

Don't you know that I like you?
This is a big deal

No, I kinda like guys that usually smoke weed
(Period)
Usually sell drugs
(Period)

I'm there for it sis

So I'd get on the train
Croydon to Victoria (Clapham junction)
And I'd go and chill with him for like an hour
What did he do?
He was an athlete
I was his track girl

Yeah, I haven't been heartbroken since I was about seventeen
I'm, I'm proper heartbroken at the moment
(Are you?)
Yeah (That sucks actually)
Are you dating someone proper?
No it was like really complicated like everything I get, get into is
Nothings ever easy
(You seem like a crazy girlfriend though)
Do I?
Yeah
