

Flangers, Tear Me

Tear me apart, what do you know?
The road is long, but I'm half the way
Few years ago, I was walking in the snow

And it keeps raining inside of me, yeah

Tear me apart

Another glass, my friend is green
Just like the time that you slipped away
Now I'm afraid I need so much to stay

And it keeps raining inside of me, yeah

Tear me apart

The rain falls is inside of me
The rain fall, varies so greatly
The rain fall is inside of me

Tear me apart
Wanna go, wanna leave
I can't stay, another day

Need to stop the rain inside of me, inside of me
