

Flashguns, Panama

We spend the night together,
Could not for warmer weather,
and still feel near a bar,
and then we fly to panama yeah,

I made a fortune on the London stock market,
or a killing on the courts of law and,
I'll be satisfied to never work again,
never work again,

Lepper told me where to hit you ohoh,
you and I are running out ohw aoh,
Lets travel on the bus found you in,
Maybe time will bring us back around yeah,

We walked to the side,
With a tear in each eye,
Went without a fight,
But we spent a long night together oh woahaha,

Lepper told me where to hit you ohoh,
you and I are running out of ohoh,
Lets travel on the bus found you in,
Maybe time will bring us back around yeah,

Maybe time will bring us back around
Maybe time Maybe time and x 2

oh oh oh oh oh,
oh oh oh
