

Flatt And Scruggs, If I Should Wander Back Tonight

How many years how many rollin' stoves above
Liky a Gypsy I have roamed from place to place
Fortune never came to me how happy I would be
Just to look again upon your smiling face
Now if I should wander back tonight would you be waiting
Would your eyes be filled with love or tender lies
Would you warm me into dear would you thrill to find me near
Would you love me if I wander back tonight
[banjo - fiddle]
Last night I dreamed that you and I were back together
I held your hand so gently in my own
Heard you say we'd never part as I pressed you to my heart
Then I walked in tears to find myself alone
Now if I should wander...
