

# Flatt And Scruggs, Sun's Gonna Shine In My Backdoor Someday

Sun's gonna shine in my backdoor someday sun's gonna shine in my backdoor someday  
Sun's gonna shine in my backdoor someday March wind's gonna blow my blues all away  
[ fiddle ]

My mama told me long years ago never to marry no boy I know  
You won't give you money no decent cost what will become with you God only knows  
Sun's gonna shine...

[ dobro ]  
Hard times're comin' I've been told never sell love for a rich man's gold  
Hard times're comin' that much I know  
Love won't help you when you're hungry and cold  
Sun's gonna shine...
