

# Fleetwood Mac, I'm Worried

I'm Worried

(as done by Fleetwood Mac/Peter Green, I think from late sixties blues jam in Chicago)

I'm worried  
Worried as a man can be  
I'm worried  
Worried as a man can be  
I'm worried 'bout my baby  
She going/gone away from me

Well I'm worried about my baby  
And I wonder where she gone  
Well I'm worried about my baby  
And I wonder where she gone  
I hope some day  
My baby love will return

Well I hope some day  
My baby love will return  
I hope some day  
My baby love will return  
If she don't come back to me  
My whole life will go to ruin

I'm worried  
Worried as a man can be  
I'm worried  
Worried as a man can be  
I'm worried 'bout my baby  
She going/gone away from me
