

# Fleetwood Mac, Talk With You

Written by Danny Kirwan.

Hey woman, let me have a talk with you  
Hey girl, let me have a talk with you  
Now you've taken all my money  
What are you gonna do

A man's gotta give a woman  
Everything she needs  
A man's gotta give a woman  
Everything she needs  
Don't give that woman no more money  
If that good girl don't say please

A man's gotta give a woman  
Everything she needs  
A man's gotta give a woman  
Everything she needs  
Don't give that woman no more money  
If that good girl don't say please
