

# Fleetwood Mac, Worlds In A Tangle

Written by j. lane.

Now you know the world's all in a tangle man  
Everybody begin to sing this song  
The reds are just over yonder boys  
And we ain't gonna be here long

That's why I'm gonna build myself a cave  
Move down in the ground  
When I go into the army babe  
Won't be no more reds around

Now you know I got my personary man [note: best translation]  
I've got my class cattoo [note: best translation]  
I begin to feel so worried

I just don't know what to do

That's why I'm gonna build myself a cave  
Move down in the ground  
When I go into the army babe  
Won't be no more reds around me

Now you know the world's all in a tangle man  
Everybody begin to sing this song  
The reds are just over yonder boys  
And we ain't gonna be here long

That's why I'm gonna build myself a cave  
Move down in the ground  
When I go into the army babe  
Won't be no more reds around me
