

Fleming And John, Rain All Day

We've got nothing but tomorrow to keep us in today
And we walk around in circles like everything's okay
It's just a phase, you're in a daze, maybe a melancholy day
Don't try to fight, what's wrong is right, it's just a melancholy day

Rain all day and I'll stay all day with you, with you
Rain all day and I'll stay all day with you, with you

The look upon your face tells me all I need to know
And words will not convey what somebody can show
There is no place on the face of the earth I'd rather be
Nowhere in time, no boat on the rhine, no place I would rather be

Rain all day and I'll stay all day with you, with you
Rain all day and I'll stay all day with you, with you

It's just a phase, you're in a daze, maybe a melancholy day
Dont try to fight, what's wrong is right, it's just a melancholy day

Rain all day and I'll stay all day with you, with you (x6)
