

# Fleshcrawl, When Life Surrenders

The final curtain falls  
When agony recalls  
A touch of evil strikes  
When life surrenders

Emerging emptiness  
A banished soul to bless  
My fading candle dies  
When life surrenders

In twisted dreams my life will cease  
The other side  
My buried soul  
In rotten soil  
The end of time

The final curtain falls  
When agony recalls  
A touch of evil strikes  
When life surrenders

The end of days arrive  
When death repalces life  
My judgement day - arise  
When life surrenders
