

Fleur East, Day in LA (More and More)

They say love can't lift you up no more
But boy you lift me like a major chord
Another day, they say our love's going to lead to misery
But baby, that don't sound like you and me

When you're touching me, my heart, it comes alive
All night /3x
And you're the only one 'cause boy you do me right
All night /3x

Shut up and let me say it
Ain't no need to complicate it
I just wanna be your baby
Every day I love you more and more
After what we started
You're my never ending party
Everything I want, you got it
Every day I love you more and more
You know /3x
I love you more and more, more and more baby
You know /3x
I love you more and more, more and more baby

Let's go!

Before you my whole life was out of key
Now my heart it hears a symphony
Although I tried, I couldn't find my favorite song
That I just wanna play you all night long

When you're touching me, my heart, it comes alive
All night /3x
And you're the only one 'cause boy you do me right
All night /3x

Come on!

Shut up and let me say it
Ain't no need to complicate it
I just wanna be your baby
Every day I love you more and more
After what we started
You're my never ending party
Everything I want, you got it
Every day I love you more and more

You're going straight to my head
Answer, boy your answer
What I want, boy you got it
Can't get enough, I can't get enough

Come on!

Shut up and let me say it
Ain't no need to complicate it
I just wanna be your baby
Every day I love you more and more
After what we started
You're my never ending party
Everything I want, you got it
Every day I love you more and more
