

Flexa Lyndo, Get Down To Work

Shake your habits baby I'm working more and more everyday
Restless nights and I have to get up for the posterity
Is this life ?
And I cannot even get concentrated
Not in the mood to relax
Workaholic everyday

Come into my world
I'm ok
I'm getting down forever and everyday
Walk on by my side, I'm ok
Get down get down

Set it up for the best
Plug our instruments and play
Kick the shit out of that drum to forget what the newspapers say
Just mind our business
Get down to work
Shake your habits baby I'll be working more and more everyday

Come into my world
I'm ok
I'm getting down forever and everyday
Walk on by my side, I'm ok
Get down get down

I'm coming back to work
I'm ok
I'm getting down forever and everyday
Walk on by my side, I'm ok
Get down, get down

Put a smile on your face
Any time, any mood any place
Put a smile on your face
Any time, I'm ok

(I'm coming back to work)
(I'm getting down forever)
(Walk on by my side)
(Get down, get down)
