

Flexa Lyndo, Love Forever Knows

Last night I cried 'cause you went away
You couldn't stay here anyway
We were not involved but did we ever try ?
Our common story has passed us by

Everything here was sounding the same
But Houdini came to play
The sound was so loud but everything was fine
A perfect evening like a time in the life

We were not involved
The sound was so loud
Did we ever try ?
Everything is fine

November was gloomy, but we were fine
So long Houdini
November was gloomy, just you and I
So long Houdini
