

Flight Of The Conchords, Song For Sally

Sally, I love you
Sally, I love you
Sally, I need you
Sally, I need you, too
I need to be with you

But I don't just love and need you
I love and need and want you, too
I don't just love and need you
I love and need and want you, too, too
Yeah, well I love and need and want you, too, too, too

That's too many- That's just ridiculous

Oh, you could be with me
Or you could be with me
If you wanted to be
If you wanted to be with me
Or me
The only thing stopping you from being with me
Is that you don't want to be with me
It's the same with me
Except with me
But if you did I'd hold you tight
Every single night
And we'd fall asleep together
And we'd wake up in the sunlight
Well, maybe I'm a dreamer
But maybe one day you'll see
That dreams are-
Yeah, yeah
She gets it
Stop cockblocking me
Cause who knows what makes love stop or start
I can't help but think that now you're engaged we're drifting apart
And who am I to say that love will last?
It won't or it will
But maybe Mark will be involved in an accident
And you'll get a life insurance payment of half a mil
It's not about the money, but it could set us up financially
If you came back to me
Or me.

Sally, I wrote this song to tell you know much I love you
Quite a lot, actually
Even sometimes more than my current girlfriend

Sally, I co-wrote this song to tell you how much I love you
It's quite a lot, actually
Well, he's said basically just the same thing
I think he's been looking over at my bit of paper
Except with the girlfriend bit

Ooh, I love you
I love you you you you
Ooh, and I need you
I need you you you you you you you you
I need to be with you
Ditto that
Cause you and me, we were meant to be
Bret's got a girlfriend
But Sally and me, we were meant to be
Bret, you've got a girlfriend
Yeah well, I'd break it off with her if I knew Sally wanted to be with me

Just so you know Sally, unlike Bret I'm available immediately

Sally, I love you
