

# Flip, 2morrow

(I've try to )  
Tell you that I love you  
When you don't give me the chance  
I see pass down the people  
I see you standing there  
You know you're my kind of girl  
don't know what to do  
What the Fuck should I do

So I've got determination & 2morrow is "The Day"  
When I see you in my way no one stop me anyway  
You've got to hear me say  
This I feel is completely real  
I won't drink & I won't eat till you say  
That you're with me

Seems all fun but it isn't...  
'Cos you told me to go home
