

Flip, End Complicated

I can't pretend It's OK when all is turning grey
They're on their own don't
Mind how you're feeling today
If you're alone
If you feel sad is something they don't care
Keep doing your job and don't complain
Try to fit in their plan

Everything that 's good I keep it locked here in my mind
Now I'm over 20 and I can't help it
When I was younger didn't have to care about
Get a wife or get some money
I could get it from my Dad
Now that I'm older they say I must get a life
Get a Wife
To be a grown up man
I wish
I were 14 again
