

FlipBoy, Make You Mine

Aiyyo, any guy can make any girl fall for him,
every man got game, you jsut gotta him some time,
any man can sweep any girl off her feet,

(Verse 1)

I'm tired of all the parties and the one night stands,
I want a real girl to love and start a fam,
I want an original girl, not 2 shy,
When she looks inside me, she's sees a real guy,
A girl who can trust me, who knows i won't cheat,
Cuz all the other girls compared to you are cheap,
I ain't no prince, girl i'm a king
And you ain't no princess, girl you my queen (haha)
I can understand your feelings and emotions,
I give you all my commitment and devotion
We might be young and still acting stupid,
But we know what's love cuz we got hit by Cupid,
Looks are deceiving, but its never what it seems,
Girl, you can hold on 2 me while you tell me all your dreams,
I'll protect through all the bad things in the world,
Just remember that i'm your boy and your my girl.

(Chorus x2)

And a girl like you is hard to find,
Just give me some time and i'll make you mine.
Girl, we can be together and start our own life,
Just give me some time and i'll make you mine.

(Verse 2)

Girl, no need to worry, in bed i'll treat ya right,
My body and your body, we gon spend the night,
I can be the 6 and you can be the 9,
We can be at it like freaks, till sunrise
Girl we can do it in the pool or in the showers,
Or we can do it on the bed, without no covers,
We can keep going at it, no need to be quiet,
So loud, that the whole town will cause a riot,
Your body is so inviting that i wanna explore,
I make ya feel something you never felt before,
Love is a mystery, anything could turn out,
The fire is still there even if the candle burns out,
Fuck 1st base, i'll jump to base 4,
I'll double homerun, and you'll be screamin' fo mo
Girl, we can let our bodies do all the actions,
I wanna see ya real side, no need for acting.

(Chorus x2)

And a girl like you is hard to find,
Just give me some time and i'll make you mine.
Girl, we can be together and start our own life,
Just give me some time and i'll make you mine.

(Verse 3)

Aiyyo, FlipBoy, Romeo,
I'ma take love songs songs to a whole notha level,
Babygirl, i ain't no devil, i'm an angel,
You know i wanna take ya back home and treat ya right,
If you think all guys are aftah sex, well that's lie,
You can talk to your girlfriends all about me,
That don't bother me, cuz i know you won't doubt me,
You can fall for me, that's cuz you know me though,
You can be my Juliet and i can be your Romeo oh!

(Chorus x2)

And a girl like you is hard to find,
Just give me some time and i'll make you mine.
Girl, we can be together and start our own life,
Just give me some time and i'll make you mine.
