

# Flipper, Get Away

I was talking to Larry  
The scene was really hairy  
We were sitting in the dark  
What you don't see you don't know  
He said this town is getting kinda scary  
Pretty soon comes the big fall  
He said he's gotta get away  
Go Larry, get away  
I just saw Suzie by coincidence  
I thought she looked really healthy  
She said she's feeling pretty queasy  
She said she hasn't been very lucky  
Her life is all fucked up  
She said she's gotta get away  
Go Suzie, get away  
Have you seen Mitchell  
Got a call from him in jail  
He asked if I could post the bail  
Busted and strung out  
He said he's feeling really sick  
Really sick  
He said he's gotta get away  
Go Mitchell, get away  
Go go get away
