

Flirtations, Living In Wartime

Michael

Wartime. Wartime.

This is no time for doubting, to stop and wonder why

This is a time for shouting, "I don't believe the lies!"

(No, I don't believe the lies.)

One way or another, no one will be spared

I call out to my brothers, "Does not anybody care?"

(Doesn't anybody care?)

We are living, we are living in wartime (wartime)

We are living, it's just like living in wartime (wartime)

We are living, we are living in wartime (wartime)

It will not go away, more die every day, this is war! (Wartime)

This is war! (Wartime)

Conspiracy of silence, the enemy within

Complacency or arrogance make us think we cannot win

Make us think that the battle has been won

But the thunder in the distance says its only just begun!

We are living, we are living in wartime (wartime)

We are living, it's just like living in wartime (wartime)

We are living, we are living in wartime (wartime)

It will not go away, more die every day, this is war! (Wartime)

This is war! (Wartime)

They try to break our spirits, they try to keep us in our place

They do it to the women and the poor of every race

(poor of every race)

We face a common enemy of bigotry and greed

But if we fight together we can find the strength we need

We can find the strength we need

We are living, we are living in wartime (wartime)

We are living, it's just like living in wartime (wartime)

We are living, we are living in wartime (wartime)

We are living, we are living in wartime (wartime)

It will not go away, more die every day, this is war! (Wartime)

This is war! (Wartime)

Wartime this is

Wartime this is

Wartime this is

Wartime this is

War!
