

# Flo Rida, Rear View (ft. August Alsina, prod. DJ M

So much stack I wanna thank your mama  
And everybody know I  
Too much that, both hands can't grab  
But best believe I'm gon' try  
Got 5 percent on my window  
No seeing into my rock  
Don't think too hard girl let's go  
Give me your toss when I drive

Come on baby  
Tell me, baby, tell me right now  
We can make that taxi, go tell it right now  
Adjust the rear view, oh that's the clear view  
Girl I hope you're ready, hope you're read right now  
And dance is a hobby, oh, good lordy  
Nothing get the Porches, but she's a [?]  
Break push start it  
Bresk push start it  
Baby don't hurt nobody

Baby, pull your breaks  
I think you need to pull over  
Come on and swerve my way  
Back it up, love me slower  
Cause baby I see you  
All up in my rear view  
Yeah, I see you  
But I need a rear view
