

Floater, Godgun

My gun is loaded
My gun is my God
My gun has no sympathy
My gun is my God

See me bow and pray
See me bow and pray

And it's with me everywhere I go
Everywhere I go
And it tells me everything I know
And it's with me everywhere I go
Everywhere I go
And it tells me everything I know

My gun is loaded
My gun is my God
My gun offers nothing
My gun is my God

See me bow and pray
See me bow and pray
My gun is loaded
My gun is my God
