

Floorpunch, What's Right

All our life we fight back
And try to do what's right
Now we're moving
in the right direction
We must not lose our sight
We give our heart,
we give our all
We won't be stopped by you
We've done our best
to move ahead
Despite all the shit
we've been through
All our life we've been told
What we do is wrong
If you think we're getting weak
Well no we're twice as strong
