

# Flop, The Great Valediction

Bold flashing dagger teeth  
Powerful and tree-like limbs of allosaurs go by  
Oh a hundred million years ago  
There wasn't need of lumbering sauropods  
For man would soon give birth to god and breed

But you were made into a jellyfish discovering the flow of time  
And never hearing "The Who Live At Leeds"

Talk of tomorrow, or spoil the gathering  
End all of your sorrow for what it's supposed to mean

Bold flashing dagger teeth  
Powerful and tree-like limbs of allosaurs  
Escaping from the ultrasaur in time

But you were made into a jellyfish discovering the flow of time  
And never hearing "The Who Live At Leeds"

Talk of tomorrow, or spoil the gathering  
what it's supposed to mean
