

# Flower Travellin' Band, Look At My Window

Look at my window  
Always open so you can come in  
Look at my window  
Always open so I can see you  
So come in anytime  
You can see anything from here

The moon, the stars, the sun,  
the flowers and the trees...  
Sometimes the sky is cloudy  
Sometimes the room is cold  
But I'm always warm  
I can keep you warm forever  
Come on and come in through my window
