

Fluffy, Scream

Your turn away
Resentfully
I take no blame
For my vulgarity

Chorus

You're choking as you try to laugh
You're vomiting up cream
And with a kiss you cut my tongue
I've lost my voice to scream

Give it back to me
I'm not as drunk as I seem
I can't scream
You walk away
Whilst they whore me
Taking no blame
Full of jealousy

Chorus

Give it back to me
I'm not as drunk as I seem
You filled my lungs with Kerosine
And now you've raped my voice to scream
I can't scream
1st verse repeated

Chorus

Give it back to me
I'm not as drunk as I seem

Chorus

Give it back to me
I'm not as drunk as I seem
You filled my lungs with Kerosine
And now you've raped my voice to scream
I'm not as drunk as I seem
I'm not as drunk as I seem
You filled my lungs with Kerosine
And now you've raped my voice to scream
