Fluffy, Technicolour Yawn

Woke up in a bed of vomit I think I hate myself Woke up in a bed of vomit I lost my pink wig and I'm in hell

Don't tell me
Don't tell me
What I did last night
Don't tell me
Don't tell me
What I said last night 'cause
Everything's not alright

Woke up in a bed of vomit My head hurts, I wanna die Woke up in a bed of vomit The low just isn't worth the high

Don't tell me
Don't tell me
What I did last night
Don't tell me
Don't tell me
What I said last night 'cause
Everything's not alright

Woke up in a bed of vomit
I think I hate myself
Woke up in a bed of vomit
I lost my pink wig and I'm in hell

Don't tell me Don't tell me What I did last night Don't tell me Don't tell me What I said last night

Don't tell me
Don't tell me
What I did last night
Don't tell me
Don't tell me
What I said last night 'cause
Everything's not alright
