

Flume, ESCAPE (feat. KUČKA & Quiet Bison)

Ex-thoughts to translate
Memories you wanna shape
Distort, watch them mutate
Make it easy to erase to erase

Find another way
You could be here too
Help me elevate
I just wanted to escape

Find another way
What you left to lose?
Ex-communicate
I just wanted to escape

Old roads to re-trace
New ideas to embrace
Take hold, watch it translate
Make it easy to relate to relate

Find another way
You could be here too
Help me elevate
I just wanted to escape

Find another way
What you left to lose?
Ex-communicate
I just wanted to escape
