

# Flume, Say It (feat. Tove Lo)

Feelin the sun  
Party done, shadows walking home  
Walking with our game on  
You are my kind, classic mind and you look so fine  
Mmmmmm  
Lovin' the cold  
Smoke n roll  
See your fingers shake  
Gettin' through your heartbreak  
Some kind of free  
Same for me  
Don't know what I need  
Mmmmm

Don't doubt me babe  
You make me want to change  
Break my bed to make me want to stay  
I can't  
Bite me babe  
You make me love the pain  
Break my bed to make me want to stay  
I can't

When you say it like that  
Oh-oh-oh-oh  
Got me falling right back  
Oh-oh-oh-oh  
Mmmmm  
When you say it like that  
Oh-oh-oh-oh  
Let me fuck you right back  
Oh-oh-oh-oh

Get in the door  
Silent walk  
Who's the first to speak?  
Speaking like a real freak  
Voice in my head  
In my bed  
Filled with you instead  
Mmmmm  
Taking your time  
Work my mind  
And I play with you  
Play pretend it's all true  
Follow me down  
Listen round to that deep dark sound  
Mmmmm

Don't doubt me babe  
You make me want to change  
Break my bed to make me want to stay  
I can't  
Bite me babe  
You make me love the pain  
Break my bed to make me want to stay  
I can't

When you say it like that  
Oh-oh-oh-oh  
Got me falling right back  
Oh-oh-oh-oh  
Mmmmm  
When you say it like that

Oh-oh-oh-oh  
Let me fuck you right back  
Oh-oh-oh-oh

Oh-oh-oh-oh  
Oh-oh-oh-oh  
When you say it like that  
Oh-oh-oh-oh

Don't doubt me babe  
You make me want to change  
Break my bed to make me want to stay  
I can't  
Bite me babe  
You make me love the pain  
Break my bed to make me want to stay
