

Flunk, Honey's In Love

You don't understand what you do to me...

In love
In love
In love
I'm in love
My soothing lullaby
I'm in love
My soothing lullaby

You don't understand what you do to me...

You're outside my window, I see you

In Love
In Love
In Love
I'm in love
My soothing lullaby
My soothing lullaby

You don't understand what you do to me...

I'm in love
My soothing lullaby

You don't understand what you do to me...

My soothing lullaby
