

# Flunk, See Through You

Everybody loves, the way they do  
Oh everybody cares, a lot they do  
Everybody knows, our love will do  
And they'll see through you (x2)  
No one ever knows how I love you  
No one ever feels like I feel you  
No one understand the way you do  
And I'll see through you (x2)

Everybody loves the way they do  
Oh everybody cares a lot they do  
everybody knows our love will do  
and they'll see through you  
No one ever knows how i love you  
no one ever feels like feel you  
everybody knows, see through you
