

# Fly To The Sky, In Your Eyes

The thought of you without me  
Brings tears to my eyes, But it feels so good inside  
Knowing that you'll always be here

\* Look In to my eyes~

Can't you see that I need you all the time  
Being close to you as the times flows  
Girl you bring me joy~  
Things you say and do make me feel alive  
With you by my side like right now  
How much I've waited for this moment

To be next to you

To feel you next to me

Stay like this forever

I couldn't do anything

Because my desires

To be next to you

To feel you next to me

Stay like this forever

\* Repeat

You eyes are like the sunset

I'll be their in your mind

I'll be their in your dreams

Girl you know that I'll be here for you

\* Repeat

The thought of you without me  
Brings tears to my eyes, But it feels so good inside  
Knowing that you'll always be here
