

# Fly To The Sky, Tragic Love

Like a main female character in a sad tragedy, you came to me  
And like you were putting on a play just for me  
You got up and left  
(Rap) Back in the day when I was young  
I'm not a kid no more  
I've been a fool to all the games before  
Movin' on 'cause now I had enough of being  
abused  
The game was once player  
Now it's over, ya lose  
If you were gonna leave, you'd rather do it so it hurts  
What hurts me most is that smile that I can't decipher  
I repeat  
even though it's going to be more miserable, it doesn't matter anymore  
cuz you're going to ignore me till the end and leave the way you want to anyway  
I repeat  
even you know that I gave you my everything  
and my last wish is to know your true heart  
I repeat X 2
