

Fly To The Sky, Turned Around

9-9, we ain't stoppin for no one,
You better get on wit it ya'll, check it out
Lookin fly when I first passed you by
Turned around a second time cause you was on my mind
I pushed up, then you started kickin game wit me
Couldn't think of what to say cause you was like a dream come true
Now we hit it up, lockin lips, oh my God what I would do if I could touch your hips
But now all I do is reminisce the times
If our love was like a movie, then I'd press rewind

I know I made mistakes, but none to make you mad
So its a question in my mind why you left so fast
So understand me boo, cause all I want is you
And I would get down on my knees if you would want me to (so come on)
