

# Flying Blind, Anytime

I'll be here waiting for the life  
To get me moving tonight  
I'll be here waiting for the night  
To get me rolling tonight

I'll be here, not wondering, not worrying  
'Cause I will make it through life  
Living happy, living happy, living right  
I'm living right  
And I'll say, I'll be here waiting,  
I'll be here, not waiting, not worrying

I'll be here anytime you need  
I'm right in distance, anytime you...

I'll be here waiting for the light  
To get me moving tonight  
I'll be here waiting for the light  
To get me moving tonight

I'll be here, not wondering, not worrying  
'Cause I will make it through life  
Living happy, living happy, living right  
I'm living right  
And I'll say, I'll be here wait,  
I'll be here, not waiting, not worrying

I'll be here anytime you need  
I'm right in distance, anytime you...
