

Flying Blind, Leave

Can you read my mind?
Can you read my mind?
Oooooohh.....
Can you see my world?
Can you come and tear it all apart?
Oooooooohh....

I can't leave you there.
I can't leave you there.
With you in my mind
I can't leave you there

Can you see the stars?
Can you see your face up in the sky?

Oooooohhh.....
Can you play tonight?
Can you come and make wrong
what is right?
Oooohhhh....

I can't leave you there.
I can't leave you there.
With you in my mind
I can't leave you there

Oooooh.....
