Flying Blind, Let Me In

When I see you smile at me Could it be the way that I want it to? Could my luck be changing now? Are you really letting me in? Is the touch that you give to me Anything that I should be happy for? I don't know, but I want it to be

Why can't I walk up to you And sweep you off your feet? And tell you how you changed my views On everything I see?

When you call me late at night Do you want more than a friendly voice? Or am I just a crutch for you? Or are you ready to let me in? I don't know, but I want it to be

Oh, why can't I walk up to you And sweep you off your feet? And tell you how you changed my views On everything I see?

Will I ever find the courage That I need to make you mine? And bring you into my life And make my whole world fine?

Why can't I walk up to you
And sweep you off your feet?
And tell you how you changed my views
On everything I see?
Will I ever find the courage
That I need to make you mine?
And bring you into my life
And make my whole world fine...
