

# Flying Blind, Paralyzed

It feels I'm drowning in a sea of hope  
Check one more day up on the wall  
Look how we never seemed to be before  
And now it's time to take the fall  
Smash, my controls are smashing into you  
My inner workings override  
I can't know that I will not think again  
The combinations slide  
Here I lie, awake  
Better alive, here I lie again  
So warm...  
So warm...  
Some very planetary influence  
Pulled me to Gravity, it thrives  
Day counting, see you coming back again  
I work for Tuesday to arrive  
Hold me, wrap me, blanket me again  
Your calm will, wrapped with cunning eyes  
Spacewalking, super-signed Canadian  
The curtains open up the sky  
Here I lie, awake  
Better alive, here I lie again  
So warm...  
So warm...  
Here I lie, awake  
Better alive, here I lie again  
So warm...  
Warm...
