

Flying Circus, Stay

They will break you, they will cut you down
They will turn you, they will turn you around
They will twist you, you will let them
You will let them in, you will never learn
They will kill you for the rest of your life
They will hunt you down, they will murder you
They won't let you go, 'till you bleed inside
'Till you're screaming out, you will never learn
From the back streets and to the alleys
And the parking lots and to the subways
You can't stop them, you can't hold it down
You can't let it out, you can't scream it in
Stay - you can't leave me like this
Stay - through the screaming
Stay with me, Stay with me
Stay with me
They'll cut you when you're down on your knees
Won't you please believe it, believe me
Believing you can't let it in, can't keep it out
Can't let it out, you can scream it in
Through the back streets and through the alleys
And the parking lots and the subways
You can't let it out, you can't run it in
You can't keep it out, you can scream it in
Stay - you can't leave me like this
Stay - through the screaming
Stay with me, Stay with me
Stay with me
They will touch you, they will break you down
They will turn you, they will twist you around
You will let them, you won't listen
Unbelieving, you can never learn
They will rape you for the rest of your life
They will hunt you down, they will murder you
They won't let you go, 'till you bleed inside
'Till you're screaming out, you will never learn
You will never learn
Stay - you can't leave me like this
Stay - through the screaming
Stay with me, Stay with me
Stay with me, Stay with me
