

Flyleaf, I'm Sorry (Demo Version)

I'm sorry.
I don't mean to remember.
It's true that I dream less often.
I'm not ashamed of that long December.
Your hand's coming down again.

I close my eyes and brace myself.
I only noticed your face.
No matter what, you're gonna build my shell,
And leave the salty taste.

I'm falling.
I'm shedding my skin,
But it's not time I'm told.
I am aware of what you mean and by then,
I'm only ten years old.

I close my eyes and brace myself.
I only noticed your face.
No matter what your gonna build my shell,
And leave the salty taste.

My scars are yours today,
This story ends so good.
I love you and I understand
That you stood where I stood.

I close my eyes and brace my self.
I only notice your face.
No matter what you're gonna break my shell,
And leave the salty taste.

I'm done healing!
I'm done healing...
