

Flyleaf, My Will To Die

this is my will to die
to end this sorry mess up life
to end the misery of me
thats the way it needs to be

it needs to end now
i don't even care how
i need to leave this place
i won't leave in peace

(chores 2x)
this is my will to die
its going to happen tonight
don't want to die tomorrow
want to end all of my sorrows
no longer want to be alive

this is my will to die

wont miss nothing in this world
wont even miss this girl
wont miss her no matter what
cause she is nothing but a slut

this is my will to die
all because what happen in life
and this girl is one of them
thats why im going to do this sin

(repeat the chores 2x)

(ending fades)
this is my will to die (4x)
