

Flyleaf, Tiny Heart

Tiny heart
Stuck inside yourself
When will you open up for me
I love you so
And want to meet you again
Before one of us must go

Your lips touched every hand but mine
In their shadows you slept fine
When will you get back to me
So we can rest

Tiny heart
You're not by yourself
When will you recognize the beat
Of my own heart
Making your blood flow
So that your chest can rise and fall

Your lips touched every hand but mine
In their shadows you slept fine
When will you get back to me
So we can rest

You will never know
What you have done to me
You will never know
Losing love from me
You will never know
A single day alone

Tiny heart
Stuck inside yourself
When will you open up

Your lips touched every hand but mine
In their shadows you slept fine
When will you get back to me
So we can rest

When you choose me
I'm waiting for you
Always waiting
