

# FM Static, Untitled

I met you at the club that night,  
Round was spinning records,  
And my heart says,  
"Hey now, Hey now, Hey now, Hey now, now,  
You said you were pleased to meet me,  
Through the sweet smell of your perfume,  
And it blew me,  
Away now, Away now, Away now, Away now, now,  
Later on that week we went out,  
talked under the stars until the next,  
Day now, Day now, Day now, Day now, now  
You drank your Fruitopia,  
And we never ran out of things to,  
Say now, Say now, Say now, Say now, Now

Every minute I'm not with you,  
I hope I see you soon,  
There is something that happens,  
When you walk into the room,  
And instantly I feel so complete,  
It hits me right about the time you kiss my cheek,  
And you give me this feeling,  
It's like no other feeling,  
But it knocks me off my feet.  
Please don't ask me what I like about you,  
'Cause it's every little thing you do and,  
That's just the way you make me feel,

And I don't think  
That there are,  
Any others out there like you,  
And I won't blink,  
Cause that would mean I'd miss a second beside you,  
And maybe you,  
Know what I mean,  
Or maybe this,  
Is just a dream,  
I pinch myself,  
Just to make sure  
But I'm still here,  
and there you are,  
I wonder why,  
We just met now,  
It just can't happen somehow,  
But here we are,  
Together and,  
That's all that matters in the end

And instantly I feel so complete,  
It hits me right about the time you kiss my cheek,  
And you give me this feeling,  
It's like no other feeling,  
But it knocks me off my feet  
Please don't ask me what I like about you,  
Cause it's every little thing you do and,  
That's just the way you make me feel,  
You can never ask for too much,  
Cause I travel the world just to feel your touch  
And that's just the way you make me feel.
