Book a trip to Bucharest Why you lifting up your dress  
Ive been speared to the core more is less and less is more  
I got no idea whats running thru that vein  
Well I admit I was obsessed by that magical caress  
Of that girl who commands every body elses hands  
but I'm now not the man  
shes in someone elses van  
she aint worth one thin dime i was a ladder for her to climb  
i got speared to the bony core it should be against the law  
all o'my brothers listen to me you dont wanna get T.B. she made up an alibi  
then sucked all my emotions dry

yeah its tearin me apart stuck a dagger in my heart and the tears  
just trickle down from this stupid loser clown  
I'm surprised that i'm alive i don't feel a helluva lot inside  
i got so so much to hate check your ego at the gate!

Why am I so paralyzed by the majesty of thighs? it takes so long to realize youre being fed a thous

yeah its tearin me apart stuck a dagger in my heart and the tears  
just trickle down from this stupid loser clown  
I'm surprised that i'm alive i don't feel a helluva lot inside  
i got so so much to hate check your ego at the gate!

REPEAT^^^^^

wella wella what i had it aint no more cuz i done thrown her out the door  
That deceit that i feel makes me cross myself and kneel  
i don't pray to the lord just self flagellate some more  
she said i'd pass out on the floor at least i aint no junkie whore  
Am I strong? Listen, Bud. Ive got radioactive blood  
sure i get into some strife but at least i made myself a life

I admit I was obsessed by that magical caress  
Of that gal who commands body elses hands  
but i'm now not the man. shes in someone else's van  
all o' my brothers listen to me: you don't wanna get T.B.

you know it tears me apart stuck a dagger in my heart and the tears  
just trickle down from this stupid loser clown  
I'm surprised that i'm alive i dont feel a helluva lot inside  
Am I strong? Listen, Bud. Ive got radioactive blood

Why am I so paralyzed by the majesty of thighs  
it takes so long to realize youre being fed a thousand lies  
every time a seagull cries i feel another brain cell die  
takes so long to realize youre being fed a thousand lies  
I'm surprised i took a dive But i insist on stayin alive  
i was paralyzed X3
