

# Foggy, Take The Future

In your hand, in your hand..  
Take the future in your hand..  
In your hand, in your hand..

Take the future in your hand  
Living in the future land  
Give your fantasy a chance

It's your time to be a star  
I believe it's not so far  
Oh no, it's not so far

Take the future, take the future, take the future...  
In your hand, in your hand..  
Take the future, take the future, take the future...  
In your hand, in your hand..

Take the future in your hand  
Living in the future land  
Give your fantasy a chance

It's your time to be a star  
I believe it's not so far  
Oh no, it's not so far
