

Foghat, Easy Money

Peverett - Riff Bros. Music - ASCAP

Lookin' for a way to earn some easy cash,
So I can lay back and watch it roll in.
I wanna flash my roll,
I want to see that good old eagle grin.

Lonely man needs a high rollin' woman,
That's what I had for sure.
But she took a ride, left me dissatisfied,
Ain't gonna say no more.

Easy money, can't get it out of my mind,
Easy money, ain't it hard to find!

Cruisin' along on a downtown avenue,
I'm lonely, but the night is young.
I got money to burn, I had to work to earn,
It'll soon be gone.

I found the right club, struttin' in, paid the man a dollar,
Eased myself into a place at the bar.
I drank a double shot, put me in the slot,
I'm feeling good so far.

Easy money, can't get it out of my mind,
Easy money, ain't it hard to find.
