Foghat, Fly By Night

Stevens - Knee Trembler Music - ASCAP

It's three weeks now since I've been gone from Texas I said goodbye to a man who made me well Everyday I've got to keep on checkin' May be I'm right, How'm I gonna tell?

I travel by day and I seem all right But when the dark comes I'm a fly by night I'm nobody's fool, 'cause you'll only fool yourself

Feelin' down, there ain't no need to worry Satisifaction always guaranteed What you want, I've got the right solution I can give you everything you need

I travel by day and I seem all right But when the dark comes I'm a fly by night I'm nobody's fool, 'cause you'll only fool yourself Woo!

{Rod - Slide Solo}

Just checked in, to number 507, Here today, tomorrow I'll be gone. I ain't no saint, I know I ain't no sinner, But I guess I've done somebody wrong.

I travel by day and I seem all right But when the dark comes I'm a fly by night I'm nobody's fool, 'cause you'll only fool yourself, I'm nobody's fool, 'cause you'll only fool yourself, yea!

{Dave - Solo}
