

Foghat, Midnight Madness

Peeverett / Price - Riff Bros. Music - ASCAP

Love you baby and I always will,
Without you, I've just got time to kill,
Day and night, night and day,
I look for trouble, find a sure fire way.

Come back baby, give me give me one more chance, 'cause I love, I love you.
Got me walkin', put me in a trance, 'cause I love you.

Like a prisoner caught in my own own dream,
I used to worry 'bout what might have been.
Love was here, now it's gone,
I found out too late, you're the one.

Come back baby, give me give me one more chance, 'cause I love, I love you.
Got me walkin', put me in a trance, 'cause I love you.

Around midnight my feelin's start to show,
Wind me up 'til I can't take no more.

{Rod - Solo - Riff}

Midnight madness gonna tear me down,
Midnight madness gonna turn me around.
Midnight madness gonna tear me down,
Midnight madness gonna turn me around.
Dee-doo-doo-doo-doo-doo...{Dave scat}

{Rod - Solo}

Come back baby, give me give me one more chance, 'cause I love.
You got me walkin', put me in a trance, 'cause I love you.

Midnight madness gonna tear me down,
Midnight madness gonna turn me around,
Midnight madness gonna tear me down,
Midnight madness gonna turn me around'round!

{Rod - Solo to fade}
