## Foghat, Rock And Roll Outlaw

Felix Cavaliere / Carman Moore - Ki Music / Sweet Jams Music - ASCAP

## Stick 'em up!

Undercover of the silver moon, run for cover, There's a lover with a magic gun, Gonna work you over, roll you in the clover.

'Cause he's a rock and roll outlaw with a six string gun, stealin' love for fun, Sayin' c'mon baby, let's ride tonight, until the risin' sun

We gotta ride, ride, ride, ride, ride.

When I spot you, put your love in my hands, 'cause I got you, When I catch you, won't know how to behave, My heart is drummin', and trouble is comin'.

'Cause I'm a rock and roll outlaw with a six string gun, stealin' love for fun. When I go down baby, goin' down for love, so let the beat go on, Shoot 'em up now baby!

## {Instrumental}

After midnight, when the beat is strong by the moonlight, After midnight, though I know it's wrong, I have me a lover, and then I start on another.

'Cause I'm a rock and roll outlaw with a six string gun, stealin' love for fun, Sit back baby, 'cause I need all night, until the job is done.

And I'm a rock and roll outlaw with a six string gun, take your love and run, Sayin' c'mon baby let's rock tonight, Well let the beat go on.

I'm a rock and roll outlaw, woo Gonna roll you over, yeah C'mon baby, yeah, C'mon baby, well, well Well I'm a rock, rock, rock, rock Rock, rock, rock, rock and roll outlaw C'mon baby, woo hoo! Stick 'em up, woo hoo Put your hands up high...
